Dear [Senator/Representative] [Name]

My name is _____ and I [live/work] in your district.

I am writing to you today because as a [person served/ loved one of a person served/ employee] I believe that it is very important that you prioritize Home and Community Based Disability Services by passing the 2018 Best Life Alliance Legislation. This legislation will support services like [name your favorite Rise program!] which helps [me/my loved one/the people I serve] stay active and involved in the community.

As my legislator, I hope that you recognize the value of these services and understand how important it is that Minnesota prioritize and strengthen them.

Thank you for taking the time to consider the Best Life Alliance legislative ask.

Sincerely,

[Your Name]
